

Plant inspiration

Alcaala and Colocasia Big, dramatic leaves. They command attention and suggest a luxurious atmosphere

Tradescantia zebrina The unusual color palette stimulates curiosity and artistic feelings

Dracena fragrans Tall plants make spaces feel more grounded and complete. They subtly encourage relaxation and confidence

Fiddle Leaf Fig (Ficus lyrata) Modern and structured. Adds elegance and a trendy vibe, often used in design-conscious spaces

Mixed arrangement - Includes Spider Plant, possibly Pothos or Philodendron, a welcoming, artistic space. Adds personality and dimension to interiors

Mix of cascading Golden Pothos and Creeping Jenny Grounding and humble. Their soft draping and earthy tone give a homey and relaxed ambience

Philodendron selloum or Monstera deliciosa Bold and large leaves evoke a feeling of nature, openness, and comfort. Great for relaxing zones

Spider Plant Fresh and lively. Gives a feeling of cleanliness and lightness

Bougainvillea (plastic) Creates an energizing, cheerful atmosphere with its bright colors. It draws attention and brings liveliness to outdoor spaces

String of Pearls gives a calming, natural feel - great for softening hard lines or corners indoors
